

BRAUNABILITY Companion Van

The BraunAbility CompanionVan offers the accessibility of traditional lowered-floor minivans in a streamlined, economical package. With a manual door and manual bi-fold ramp, these wheelchair vans are the perfect choice for those who will travel with an attendant.

In the Side-Entry model, both front seats and the rear bench seat are retained during the conversion process, allowing seating for up to four ambulatory adults with one wheelchair securement position in the center lowered floor area. The Side-Entry's floor is lowered from the rear bench seat to just behind the front seats, allowing space for one wheelchair. The Rear-Entry design features a lowered floor from just behind the front seats all the way to the rear of the van, with room for two wheelchairs with the seats folded up.

For the Rear-Entry model, two unique Flip & Fold second-row seats allow seating for up to four ambulatory adults with one wheelchair securement position in the rear lowered floor area. With the seats folded up, the lowered floor area easily accommodates two wheel chair passengers.

If you are looking for a budget-friendly solution to your personal mobility, this innovative conversion could be the answer. Contact Agor Enterprises to see if the CompanionVan is right for you.
