

BRAUNABILITY Chrysler/Dodge Entervan

BraunAbility is proud to introduce our newest Chrysler/Dodge accessible conversion: The Entervan. This wheelchair minivan is the result of over a year-long company-wide effort to design, engineer and manufacture the finest lowered floor conversion the Ability Industry has ever seen.

Getting in and out of the Entervan is as easy as pressing a button. The vehicle's easy-to-use keychain remote controls all of the accessible functions such as the sliding door and van ramp.

As the automatic door opens, the rear suspension "kneels" to reduce the slope of the ramp even further, and the lightweight aluminum ramp extends to allow easy access to the lowered floor interior.

The accessible functions are controlled by the Chrysler remote and several interior switches placed for your convenience.

From the firewall to the rear axle, the wheelchair van's floor is up to 10" lower than conventional minivans. With a choice of seating positions, wheelchair users can choose to ride in their chair and enjoy the view.

For those who wish to ride up front or even drive from their wheelchair, BraunAbility makes it easy: simply unlock the seat base and roll the entire seat out of the handicap van. The seats can be reinstalled into the Entervan just as easily when needed.

Each wheelchair van includes a standard floor-track and belt system that secures the wheelchair for transit. An optional retractable belt system, pictured at left, is a versatile and convenient option. Independent users can even elect to have an automatic tie-down installed.

With the BraunAbility Entervan, you can count on the safety and reliability you've come to expect from Chrysler/Dodge and the quality accessibility you expect from BraunAbility.

		Foldout Ramp
Door Opening Usable Width	A	31"
Door Opening Usable Height	B	52-1/2"
Interior Height at Center of Van*	C	57-1/4"
Interior Height at Driver & Passenger Position**	D	56-1/4"
