

## **BRAUNABILITY Toyota Sienna Ramp Van**

The Toyota Sienna with BraunAbility's Rampvan Conversion offers fully independent wheelchair-accessible travel in one of the safest, most dependable minivan chasses available. This wheelchair accessible ramp van integrates the exceptional drivability, comfort, and reliability of the Toyota Sienna minivan with BraunAbility's thoughtfully designed features for mobility vans.

The BraunAbility Toyota Sienna Rampvan is designed to be both easily accessible and easy to operate. After all, you face enough challenges in your daily life - your transportation should not be one of them! That's why getting into our handicap vans is as simple as pressing a button – from there, BraunAbility's accessible technology takes over.

### **Access is literally as easy as 1, 2, 3!**

The door, kneeling system and ramp all operate automatically once the button is pressed. We utilize the door operator's original components for increased reliability.

The kneeling system lowers the rear suspension of the van, which in turn decreases the slope of the ramp. This makes it especially easy for manual wheelchair users to board the vehicle.

With the door open and the suspension lowered, the ramp automatically unfolds to provide easy access. Depending on the chassis you select, you may choose the traditional Foldout ramp or the innovative Infloor ramp system.

**Rochester, NY**  
**585.385.2556**  
951 Panorama Trail  
Rochester, NY 14625

**Syracuse, NY**

1241 Erie Blvd. West  
Syracuse, NY 13204

**Remote Control:**

Control of the accessible functions is integrated seamlessly into each handicapped van's keychain remote. The vehicle's keychain remote controls the accessible functions. Buttons are also placed throughout the interior of the vehicle for your convenience.

**Lowered Floor:**

From the firewall to the rear axle, the wheelchair van's floor is up to 10" lower than conventional minivans. With a choice of seating positions, wheelchair users can choose to ride in their chair and enjoy the view.

**Removable seating:**

For those who wish to ride up front or even drive from their wheelchair, BraunAbility makes it easy: simply unlock the seat base and roll the entire seat out of the handicap van. The seats can be reinstalled into the Rampvan just as easily when needed.

	Foldout Ramp
Door Opening Usable Width	31-1/4"
Door Opening Usable Height	54-1/4"
Interior Height at Center of Van*	59-1/4"
Interior Height at Driver & Passenger Position**	57-1/4"
