

## Offset Fold-Away Vehicle Lift

- Eliminates the struggle of taking apart your trunk lift. This lift fits most sedans, hatchbacks and station wagons and is ideal for smaller openings where space may be limited. It simply rotates and folds down into your trunk or hatch area.
- Designed to be installed on either the driver or passenger side, giving you the flexibility to load a partially-assembled scooter from the driver or passenger side as well as behind the vehicle bumper.
- Simply press a button on the pendant control and the Offset Fold-Away raises and lowers your mobility device.
- The effort needed to lift the mast is a mere 2-3 pounds and it features a dual-spring assist.
- It incorporates a low-resistance, pivot design making operation almost effortless.
- Color-keyed, hand grips make user operation simple and easy to follow.
- Optional Pow'rPac power supply adds convenience for installation and operation.
- Features Bruno's industry-leading, adjustable, low-profile outer arm and lifts up to 200 lbs./91 kg.
- Optional 250 lbs./113 kg. upgrade lifting capacity available.
