

## Out Sider Meridian Vehicle Lift

This easy to use product lifts and stores your unoccupied scooter or powerchair outside your vehicle at the touch of a button. Simply roll your mobility device on the platform from either side, hit a button, and let the Meridian do the lifting for you. Scooters and powerchairs are automatically secured when lift is raised. Retractable belts are also available for securement.

### Highlights:

- Fully Powered - Makes lifting and storing your scooter or powerchair outside your vehicle virtually effortless - one button operation
- 350 lbs/160 kg lifting capacity
- Safe/Reliable - Independently tested for rough road conditions, 100,000 mile life, and environmental operating extremes.
- Drive on/off either side of platform - no reversing necessary
- Platform automatically folds up when not in use
- Automatically secures scooters and powerchairs when lift is raised
- Retractable belts are also available for securement
- Optional Swing-Away available to access rear vehicle hatch
- Standard lighted license plate holder with 3rd brake light provides additional safety
- No structural modifications to your vehicle - mounts to your vehicle's class II or class III hitch receiver (not included)
- Can reinstall on your next vehicle
- Works with minivans, SUVs, CUVs, pickup trucks, full-size vans and sedans
- Bruno Turning Automotive Seating™ (TAS™) complements your vehicle lift for a total mobility solution
