

Out-Sider Micro Exterior Lift

- The lightest-weight exterior vehicle lift designed to handle today's popular travel scooters!
- Lowest-profile design minimizes rear vision obstruction.
- Industry-leading 145 lb./65.9 kg. lifting capacity.
- The gas-spring assist provides easy "fold/unfold" of the lift platform. The safety latch prevents unintentional lowering of the lift platform.
- Exclusive "lift mast angle adjustment" allows the installer to nest the Out-Sider Micro tight against the rear of the vehicle.
- Can be powered by the vehicle's battery or powered with the optional Bruno Pow'rPac.
- Road and laboratory tested by a certified testing facility.
- Bruno's R3 Lift Belt/motor combination provides "whisper quiet" operation and maximum reliability and durability.
- Convenient control arm lets you operate the lift from a safe distance.
- An ultra-strength strap system is used to secure the scooter to the platform. It's easy to use and can be operated with one hand!
