

Slide 'n Click

The Slide & Click floor anchorage is the latest in fixed securement "pockets". It offers 360 degree rotation and the easiest, one-handed operation of any comparable product available today.

Features and Benefits:

- Application: Fixed securement position
- 360 Degree Rotation - Eliminates complicated installs and alignments
- Single Bolt Installation - For easy installation
- Durable - Cast stainless steel for maximum strength and durability
- Low Profile and Compact - Reduces potential interference with wheelchair components (e.g. footrests)
- Low Maintenance
- Compatible with Slide & Click fitting for: QRT Retractor Systems, Q-5000 Series
