

VISION by Viewpoint Honda Odyssey

Vision presents the lowered floor, rear-entry wheelchair accessible Honda Odyssey modification. The Odyssey chassis has been named “best Buy Minivan” by Consumers Guide Automotive and the top crash-test ratings- 5 stars- from the national highway traffic Safety administration, and since its introduction has been considered the gold standard of minivans.

The Odyssey modification includes:

- Lowered floor, extending from the rear bumper towards the front of the minivan:
 - Width 31’
 - Length 71’
 - Height at wheelchair seating position 56’
 - Height at door entry 55’
- Aluminum, non-slip, 30’ wide bi fold ramp
- Comfortable second row ambulatory seating
- Modification is fully FMVSS certified (very strong crash test performance)
- Suspension altered by formula- 1 race suspension designers resulting in near original ride characteristics
- Quiet exhaust system
- Non- slip flooring
- Occupant and wheelchair tiedown included
